Transportation to and from the Clinical Sites

Higher Learning CNA Training currently hosts clinical at nursing home facilities, some of which are not on a bus line. You are responsible for getting yourself to clinical regardless of if it is on a bus line or not and we cannot and will not guarantee we will be able to assign you to clinical at a facility that is on a bus line. Higher Learning CNA Training cannot endorse any of the recommendations below for those who need transportation, but we offer these as some suggestions you can research. The suggestions are:

- Use Uber, Lyft or a cab company.
- Arrange transportation with a family member or friend.
- Carpool with other clinical students.

Please choose wisely. Students cannot be absent from clinical and will be sent home if tardy to clinical.
